

P.S. Mama says
if you are not
busy you had
better come
home a while
until some
one does some
thing bad.

Jan, 22/1910.

My dear Roscoe,

I suppose
you think I have lost all
the manners I ever had
but I have thought of writing
to you often but just put
it off so hope you will
excuse me this time and
I will not be so slow again.
Just let me tell you we
have a pair of Horned pups
and they are just a pretty
as they can be tell George
he had better come home
and see ~~them~~ them.

I was sorry you all did ^{not}

get home & was we all wished
for you all but ~~it~~ it was
so cold that you would have
frozen to death getting here.
It has been snowing here
all day to day and looks
like it has set in for an
extended snow.

I have been in the box flower
business this winter and
they are blooming real
nice now & will ~~put~~ put
you in a few of them for
samples.

We havent any news up
here at this writing and

it has been so cold that
mama and myself do
not leave home often and
we spend most of our time
cutting and sewing carpet
rags as nice job you know
for winters.

We have a fat calf now it
is a jersey and I think Holmes
wants to get a mate for
it and have a fair of oxen
now dont you see him
driving the oxen with the
hounds following him. he
has not made the road
across Jack Mountain yet.

Papa has ten chickens
just about frying size if
you will come up we will
give you all you can eat.
our Hightown skin did not
come down today and this
day has been the longest
one I almost ever saw &
think.

Mamma has been real well
so far this winter her rheu-
matism has not bothered her
as much as usual I am glad
to say. I suppose you and
George will be "Big Bugs"
in Miss Churcher's wedding

is it to be a church affair.
Mrs Slaven seems to be better
than he was last winter.
Holmes has been riding his
sorrel colt she is real nice
and quiet.

I suppose you knew we
had traded old Pat horse off.
Now I want to thank you
for those nice X mas presents
you sent me I think it
was real nice of you to remem-
ber me so nice and you
sent me so many things too.
well as I havent any thing more to
write I will close with love to your sister
